

WATER SAVINGS:

The Spray & Play water recycling treatment system saves approximately **832,700 litres** each year + auto faucets in washrooms

FOOD WASTE DIVERSION:

In excess of **1000 lbs** of food are redirected to various community groups annually.

FEAST ON:

Our culinary team is committed to sourcing at least **25%** of all food & beverage from producers in Ontario.

POWER SAVINGS:

We reduced our annual energy consumption by **650,000 kWh** due to LED/efficiency upgrades.

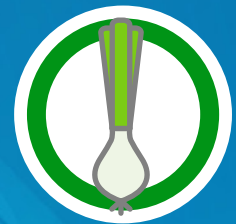

SPECIAL PROJECTS:

a. We plant **50** native trees each year on the property

b. We collected **70 lbs** of honey from an onsite apiary in 2024.

c. Forage for edibles (eg. Ramps)

BEST PRACTICES:

a. **Eliminated** single-use plastics, unless required (eg. Reloadable arcade cards)

b. Biodegradable cups prevented **1000s of cups** from becoming landfill during catered client events & special events like Oktoberfest.
